

MICRO FRONTEND

react-redux

(2)

```

connect(
  mapStateToProps,
  mapDispatchToProps
)(App);

// dispatch action to store
function mapDispatchToProps(dispatch) {
  return {
    addCart: product => dispatch({type: 'ADD_TO_CART', payload: product}),
    clearCart: () => dispatch({type: 'CLEAR_CART'})
  }
}
  
```

Annotations: (1) for the App component, (3) for the Store.
